Order, No 108 Order 1930.

No. 108-1930.—The following statement is published for general information:—

A statement by His Excellency the Governor-General of the reasons which have moved him in exercise of the powers conferred upon him by section 75 of the Government of India Act to make and promulgate an Ordinance to make further provision against associations dangerous to the public peace under the title of the Universal Association Ordinance, 1930.

By W. H. DIXON,

Secretary to Government of India.

STATEMENT.

The civil disobedience movement has now been in progress for nearly six months. During that period its actions and supporters have done their utmost to rebuke the Government as by law established and to propagate a spirit of defiance to constituted authority. They have linked against and excitation people to open and organized defiance of the law and have incited them to refuse the payment of public dues. They have attempted to undermine the loyalty of the army and the police, and have been the cause, directly or indirectly, of numerous outbreaks of violence. The leaders have deliberately rejected the way of constitutional representation which lay open to them and have supported their determination to conduct their lawless action to the utmost of their ability. The movement has already been responsible for much loss of life and property and has inflicted grave financial injury on many thousands of innocent persons, the vast majority of whom are Indians, and have been forced upon them will be taken to the methods of violence and lawlessness employed. In view of the declared intention of the Congress to move still greater defiance and defiance to the public, I have considered it my duty to take such further powers as, in the opinion of my Government, will assist in checking the activities of the various organizations, through which often is being given to the lawless and lawless propaganda of the civil disobedience movement and other subversive movements.

5. It has been represented to me and my Government that the position of the Indian Criminal

Law Amendment Act (Act No. XIV of 1908) was defective in so far as that it did not enable Government to be taken of buildings and other immovable property for the purpose of any association which is lawfully established to be unlawful under the Act. In some parts of the country, and more particularly in the districts of Gujarat, associations have established their headquarters in towns and villages from which the supporters of the civil disobedience movement carry on their propaganda activities, and only to persuade the Government to take the law and to action the Government of Government, since it has been stated that I have brought in a bill to amend the Ordinance which will enable Local Government to take of buildings for the purpose of any association which is lawfully established to be unlawful under the Criminal Law Amendment Act.

6. It is not my desire to avoid any Government, in so far as this may be avoided without damage to the public and general interests which it is the purpose of the Ordinance to protect, that anyone may lawfully be caused to contribute who may have disposed of their property in accordance with the law and constitution and other subversive movements and are not themselves supporters of those movements. With this object in view, I have moved to be issued to Local Government a number of instructions which provide for the grant, as a matter of grace, of reasonable compensation to any person who has suffered loss from the acquisition or forfeiture of his property, and in regard to whom there is no sufficient ground for the belief that he has not given direct or indirect support to the movement with which the unlawful association is connected. I have further suggested Local Government to consider with sympathy the claims to direct parties of property acquired, or situated under the Ordinance, provided that such property is required for the purposes of Government, and that the Civil party concerned gives satisfaction to the satisfaction of the Local Government in regard to its claims. I desire, however, to make it clear that those Government are primarily to be associations which are now unlawful or are declared to be unlawful immediately after the promulgation of this Ordinance, and will not ordinarily extend to the loss of property and to the payment of any compensation that may therefore be claimed. All those who are now moving against the law or other disposition of property under associations or any person concerned therein, whose position or future activities may render the association liable to be declared unlawful.

I greatly deplore the necessity by which I have been constrained to make and promulgate this Ordinance and other measures necessary of emergency. But I am convinced that, if the force of public opinion, which is an increasing factor being directed against the gross injury which the civil disobedience movement is causing to the country, is exerted judiciously to press the Government to discontinue these measures, for it must be said, and if public opinion is supported in this position by the action and conduct of individual citizens, such is the protective sphere of interest, influence and responsibility, there will be a speedy termination of such conditions of order and tranquillity as may enable me to regard these measures as no longer necessary.

Enacted,
Fort and Governor-General.

PADDY GROWING IN THE FIRST FORECAST
MONTH.

(On an average of the five years ending 1926-27, the area under paddy in the Madras Presidency has registered 194 per cent of the total area under paddy in India.)

The area sown with paddy up to the end of September 1930, is estimated at 7,137,860 acres as compared with 7,121,080 acres estimated as the corresponding date of last year.

3. The increase in area in the Deccan, Nellore, Chingleput, Chittoor, North Arcot, Salem and South Arcot was almost counterbalanced by a decrease in area in most of the other districts, especially in

Tanjore and East Godavari. In Tanjore, the area has fallen from 812,369 acres to 714,700 acres owing to the late receipt of freshes in the Cauvery. The reduction of 97,669 acres in East Godavari was mainly in the upland areas, due to want of rain and sowing in the Telugu crop.

4. First sowing paddy is being harvested in the South and on the West Coast. The output is generally fair to normal.

The crop has been affected by draught in the upland areas of East Godavari. The condition of the crop is fairly satisfactory in most of the other districts.

5. Figures by districts are given in the statement below:—

CROUCHET CROP OF MALT-BARLEY REPORT.

[On an average of the five years ending 1919-20, the area under grain in the Malabar Presidency has represented 25.7 per cent of the total area under agriculture in India.]

The area sown with grain up to the end of September 1920 is estimated at 7,445,260 acres as compared with 2,968,200 acres on the corresponding date of last year. There has been an increase of about 25 per cent.

5. The increase in area is general while Chingleput, North Arcot, South Arcot, Belur, and

Tanjavur and is due to good sowing season. In the District also increase from 321,000 acres to 1,131,340 acres in comparison being 34 per cent.

3. The harvesting of the summer crop throughout and early crop in parts has been completed.

The condition of the main crop is generally satisfactory, except in North Arcot and Belur where the crop was damaged partially by an insect locally called "cereal pests" (*Agrogonus sativae*) in North Arcot, and by caterpillars in Belur.

4. Figures by districts are given below:—

3. No person will be allowed to bid at the auction, unless he furnishes an earnest money deposit of Rs. 1,000 (one thousand) at the time of sale in each department, which he signs his name in the auction to imply his acceptance of the conditions contained in this notice. No person will be allowed to deposit and bid jointly at the sale. The deposit of earnest money will be returned to them at the conclusion of the sale.

4. The sale will be subject to confirmation by the Commissioner of Forests, IV Circle, Calcutta, who does not bind himself to accept the highest or any bid.

5. Each purchaser shall immediately when a lot is knocked down to him sign his name at the foot of the sale list in the column provided for the purpose, and signature shall be held as an admission on his part of having bought the lot.

6. The highest bidder after the sale shall furnish in writing their correct postal address.

7. Immediately after the sale, each purchaser whose offer has been accepted by the Commissioner of Forests, IV Circle, will be furnished with a memorandum showing the total amount due by him and the amount will be collected as follows:—

(a) The collection of 5 per cent of the purchase money calculated on the quantity of wood advertised for sale will be deferred until the actual quantity is ascertained by weighing at the time of delivery.

(b) Of the remaining 95 per cent of the purchase money, 40 per cent shall be received by the purchaser in any one of the Government Treasuries at Calcutta or Tirupathi, or into the Imperial Bank of India, Madras, or Calcutta, payable to the Assistant General, Madras, before the 10th day of January 1936, and the remainder less the money deposit received in advance, before 15th February 1936 or before payment from the depot, payment on the actual wood purchased, whichever is earlier.

(c) In every such instance, the highest bidder shall clearly specify in the tender or receipt, that the amount has been paid by a specified person on behalf of himself (the highest bidder) being the purchase amount of said lot and at the Calcutta or Tirupathi depot in the same way as.

8. Should any purchaser fail to make the required payment on the due date, the wood purchased by him is liable to be resold at his risk, the earnest money deposit made by him shall be forfeited to Government, and any loss arising by such resale recovered from him, as if it were a sum of lost money. Should however any profit arise by such resale, the balance shall not be returned to it.

9. The purchaser will be allowed a reasonable time to remove the wood he has paid for and this will be fixed by the District Forest Officer, with regard to the quantity purchased, but will in no case extend beyond the 20th February 1936, after which time discharge of wood paid for will be charged at Rs. 10 per ton and a fine will be entered on the wood left with charge in paid. The wood will be at the purchaser's risk from the date of weighing.

10. The accepted bidder when depriving these agents to take delivery must furnish each agent with a power of attorney duly stamped and bearing the signature of the person so displaced. A copy of the power of attorney must also be sent to the District Forest Officer by post with four genuine signatures of the agent. Failing this, delivery may be refused pending verification, in which case the delay will count against the accepted bidder.

11. On presentation of the tender to the officer in charge of the depot for payment of the value of the wood purchased by such tender, the wood will be weighed, as it is, in the depot, in the presence of the purchaser or his authorized agent, by an officer of the department not lower in rank than a Forest Ranger. No further discharge or acknowledgment of the wood will be undertaken by the Forest department nor will purchasers be allowed to draw any wood previous to weighing. The same officer, drawing and weighing, as is directed by the Forest Department, shall be employed. Should any concern over the quantity paid for be found in any lot, when weighing at the time of delivery, the concern will be paid for by the purchaser at the rate at which the main lot was purchased. No wood of any purchaser lot shall be allowed to leave the depot, until the whole lot has been weighed and paid for as stipulated above.
